Dear Pastor and Staff,

I'm a stranger always hoping to be able to get in touch with Ms. Lynndie England in the belief that that could be to everyone's benefit because everything could be explained, like mentioned on the enclosed flyer that I'm still working on to improve, but I'm impoverished and can't get to Ft. Ashby to find her for myself. All I can offer is around 10% of future profit from a nice website or book she and I might could do together and a \$10 postal money order mailed to whoever got my contact information to her that she and I could be in touch. The newspapers last decade said they lived on 46 between the Road House Pub and a sheep farm just south of downtown. I'm sixty years old and contact with her might help me to get through this coming winter and I'm the only one with all this information I'm all alone with and pursued by all kinds of "headhunters" who love this system. Thanks sincerely,
Kathy Foshay
