

7/13/16 - There was a note that something had gone wrong with sending the little picture/s of Ms. Vanderbilt and I hadn't had/taken the time to read it; but I didn't put that map of the world there and my note on the title, Universe Rescue ... WordPress.com was supposed to say to please read the WARNINGS file on the menu before delving into any of this horror-mess because it's dangerous to think it would be simple to assist me with anything, and this "Armageddon Show" is getting tourist season worse on me every day now, things are very bad but jotting about them helps me to cope somehow.

Below I'm trying to show a connection between the Caribbean governor Henry Morgan 1635-88 and 1992-1980ish Berlin-area Princess Viktoria Luise, Kaiser Wilhelm II's daughter because perhaps her ovaries had become the female-star "Queen Julie" character of this 1992 till now "Armageddon Show" that's completely unprovable by me yet but is a major gimmick that's helping to lead to the end of this planet Earth, really.

Besides that there's a 2007 biography on the Smithsonian Institution's sponsor James Smithson that has him in Berlin with Wilhelm von Humboldt, as this is really a "small world after all" mentality to this system we have
